

FQS

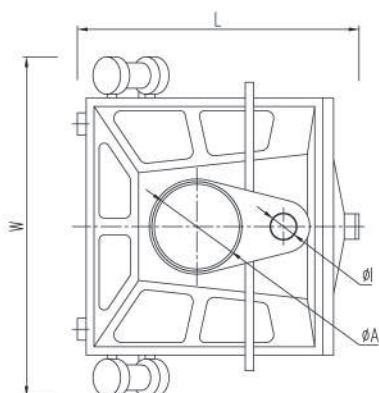

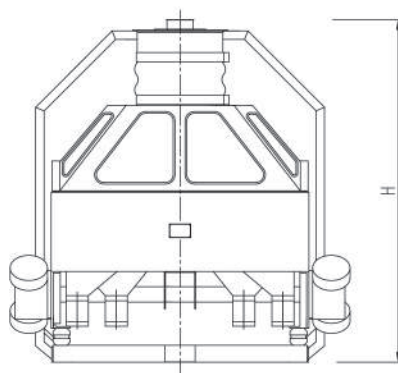

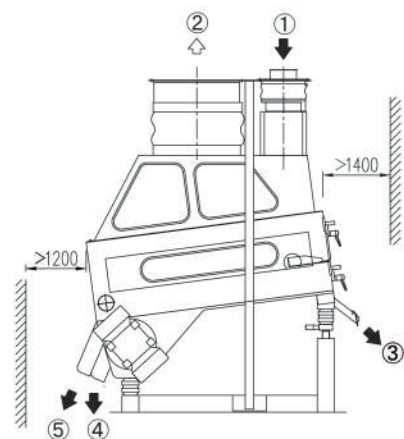

GRAVITY DESTONER

The FQS series gravity destoner is an important wheat cleaning machine utilized in cleaning section in a mill. It is mainly used for grading after pre-cleaning, in the 1st cleaning section for concentrating light impurities such as mustard, grass seed and wheat husks, etc. And removing the heavy material such as stones and mud balls. It is also utilized in the 2ND cleaning for stone and mud ball removal if the wheat contain lots of impurities.
