

DBZS

SINGLE SPOUT PACKER

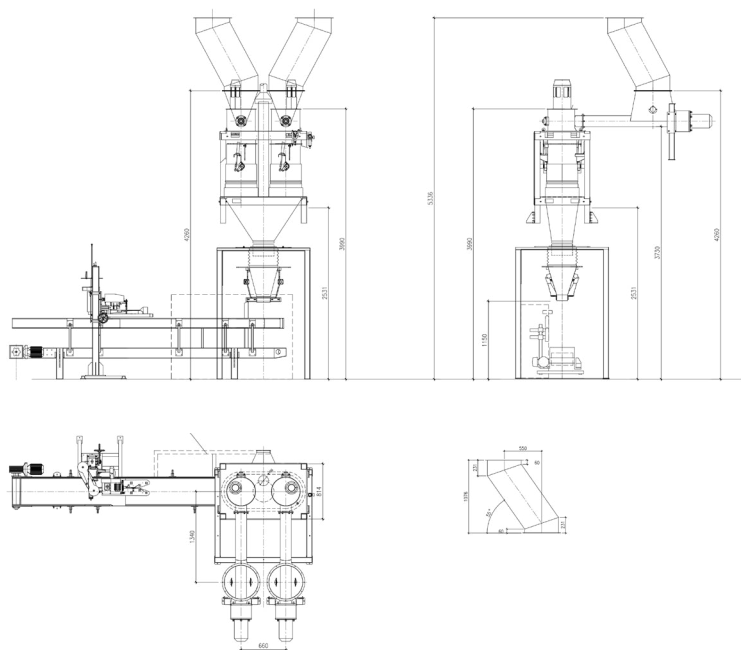

This SINGLE-SPOUT PACKER is designed for efficient packing of accurate powdery materials such as flour, feed, and starch. Equipped with a double weighing system and a single discharge spout, it ensures continuous high-speed operation with exceptional precision.

The frequency-controlled screw feeder enables fast, medium, and fine feeding modes, guaranteeing weighing accuracy while maintaining high throughput. With a compact installation height, reliable performance, and user-friendly operation, this packer is an ideal solution for modern flour mills and related industries.
